## Tired of Wasting Time Motivating Your Team and Not Getting the Results You Want?

Learn the tips and tricks to motivate your staff and watch productivity rise! These simple, yet often overlooked, behaviors will transform the atmosphere of your office to welcome collaboration, cooperation and participation to help you grow your business faster while skipping the growing pains of building a high functioning team.

### Jennifer's presentations will show you how to:

- ▶ Be the great leader you've always wanted to be
- ▶ Drive the results you want from your team
- ▶ Stop wasting time doing it all yourself
- ▶ Start running your business with ease
- ▶ Avoid wasting time doing what you have always been doing – and find a better way.
- ▶ Have more of what successful leaders want, successful relationships, productive working environments, more profits!

## What it's like to work with Jennifer:

*Jennifer's presentation style is energetic, entertaining, and enlightening! Her audiences will surely benefit from her expertise as a presenter as well as from her passion for sharing her knowledge with others. – Donna Rynda, Speaker, Trainer, Consultant and owner of Make It Matter, Oklahoma City, Oklahoma*

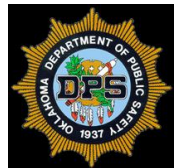

*I thought that I wouldn't learn that much more since I've done 4 or 5 "personality" profiles in the past but this one was very direct and had good and useful information. Much more action directed than the other ones I've done. – Debbie McKay Trotter, Environmental Engineer, Oklahoma City, Oklahoma*

*Thoroughly enlightening and enjoyable experience. I would recommend to anyone wanting to understand their "style" and learn how to better communicate with everyone. – Rosalee Morris, Attorney, Oklahoma City, Oklahoma*

**Jennifer Takagi**, President of Takagi Consulting, best selling Amazon.com author, entertaining speaker and facilitator. She helps leaders who struggle to motivate employees by giving them tools to build a team of positive advocates to drive productivity and profitability. She has always been the one recruited to train colleagues on policy as well as those crucial soft skills. It was a natural transition to launch her own business doing what she does best, sharing her experiences and expertise with leaders who want to create the best teams. Jennifer helps people identify their best qualities and learn to adapt for the most productive environments. Valuing employees will increase your bottom line faster than you imagined.
